MarLo Dance Studio is a for profit business. Like any studio, for profit or not, we have many monthly expenses. Each of our staff have sacrificed far more profitable careers in order to teach the performing art of dance in our community. It is that same passion that inspired our annual scholarship spring production fundraiser. We want every student to meet their full potential in dance and not be hindered by tuition if possible. For this reason we ask three things:

1. That you be absolutely honest. If the extra dance class means giving up pizza on Friday, can you make that sacrifice?
2. That you submit this application and not skip the extra class.
3. That if you have a grandparent or auntie who can help with lessons, seek there first.
